

Virtual National Aviation Safety Stand Down

A safety stand down is an event at which pilots gather to learn new information, refresh already learned information, and to engage in discussion with safety experts and fellow pilots. This live webinar format event is presented by the Advocates for Aviation Safety Foundation, Inc. and features three main live presentations from experts in their fields. A live discussion will take place following each presentation and attendees will be able to ask questions and make comments.

Directions: The museum is located at the South Saint Paul Airport. From Highway 52 south of Interstate 494 take Upper 55 Street East and continue until you reach Henry Avenue. Turn right and continue south until you reach the airport. The CAF museum is to the left of the Airport Terminal Building.

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
